

## CAT CHAT STORY

It is with sadness in my heart and tears in my eyes that I must tell you that my beloved Jazzy went to Rainbow Bridge this morning. She was 21 years and three months.

I knew it was coming soon, but she passed quietly and peacefully this morning on the heated bathroom floor on her special rug.

I will miss her, but she had gotten so thin and feeble that she only weighed 3 ½ pounds. She did love the Paul Newman wet food, but she could only eat a tablespoon at a time.

She is at peace now. I just wanted you to know.

You have no idea what it meant to me to have her picture on your web site.

Thank you again,
