## YOUR CAT

A REVOLUTIONARY APPROACH TO  
FELINE HEALTH AND HAPPINESS

ELIZABETH M. HODGKINS, DVM, ESQ.

*In the tradition of Dr. Pitcairn's Complete Guide to Natural Health for Dogs and Cats comes this revolutionary and soon-to-be classic guide to modern-day cat-care*

In this controversial new book, dedicated veterinarian Elizabeth Hodgkins, DVM, raises the alarm regarding the serious flaws in the commercial diets we feed our cats and the nutritional diseases that result. She also explains everything cat owners need to know including kitten-rearing, the adult cat's middle years, and how to care for the geriatric cat. The very latest treatment options for cat diseases are explained, and sections on litter box problems; parasites; obesity; feline diabetes; how to read a pet food label; and many more important issues are included.

**"A highly respected expert in feline health, Dr. Hodgkins has given us invaluable knowledge..."**

—KAY DEVILBISS, ALL BREED CAT JUDGE AND PRESIDENT OF  
THE INTERNATIONAL CAT ASSOCIATION

**"Dr. Hodgkin's discussions are provocative, disturbing, and long overdue."**

—ALICE VILLALOBOS, PRESIDENT OF AMERICAN ASSOCIATION  
OF HUMAN ANIMAL BOND VETERINARIANS

A successful veterinarian of twenty-eight years, ELIZABETH M. HODGKINS, DVM, Esq. is the owner of All About Cats Health Center in Yorba Linda, California. Dr. Hodgkins served as Director of Technical Affairs at Hills Pet Nutrition, the largest proprietary pet food manufacturer in the world, and was awarded a U.S. and international patent for a novel and highly successful approach to managing feline diabetes. She is a breeder of national award-winning Ocicats and exhibits her purebred cats across the U.S.
